

## ACKNOWLEDGEMENTS

I wish to thank Anne Curry and Adrian Bell, editors of *The Soldier in Later Medieval England* for the considerable amount of help they gave to me in researching and presenting this item. It would not have been possible to complete it without their advice and support nor their encouragement. I also appreciate their patience and fully accept responsibility for any errors which may be evident and for choosing to offer the reader a narrative of the investigation, rather than a more concise report of the results.

I also need to thank Mike Warner and Robert Kenyon for sharing research material, discussing possibilities and commenting on earlier drafts.

Lastly I would like to express my gratitude to the whole *Soldier in Later Medieval England* team for producing such a useful research tool which has been an irreplaceable foundation for my own explorations.
